2026

WeCare3R Seminars

Regular online seminars (Fridays, 12–1 pm) on current topics in laboratory animal science, animal welfare, and research practice.

Format: Online (Zoom)

Fee: free of charge

WeCare3R Lecture Day

An intensive 4-hour training day featuring several expert talks and discussions on diverse topics in laboratory animal science and welfare.

Format: Online/hybrid (Zoom/BMC Campus)

Fee : LMU-/KUM 30€ , Other: 40-55€

WeCare3R Courses & Workshops

Practice-oriented intensive courses (1–3 days) on specialized topics in laboratory animal science – from colony management to experimental design.

Location: BMC Campus, Martinsried

Fee: Depending on affiliation and course type (€50–240/day)

Our Mission:

In order to consolidate knowledge and awareness of animal research ethics, the 3Rs and good scientific practice, it is essential to ensure that research is conducted responsibly, with the welfare of animals being prioritized and the potential benefits to humans being considered. The WeCare3R themes are characterized by its practical nature, contemporary relevance, and certification in accordance with §4 TierSchVersV.
